The net loss after tax for the six months ending 31 December 2009 is \$900 thousand compared to a net loss after tax of \$181 thousand in the corresponding period in 2008.

The result for the half year has been impacted by a provision made against the carrying value of inventory relating to our project at 300 Millers Road Altona. The amount of the write-down for the period represents the development and holding costs incurred since 30 June 2009 and hence the book value of the project after the write-down has been retained at the same value that it was at 30 June 2009. The value at 30 June 2009 was determined with reference to an independent valuation.

During the period Folkestone exited its equity investment in Access Constructions and the result includes an after tax loss of \$66 thousand from the construction division which is presented as a loss from discontinued operations.

The net loss after tax for the six months ending 31 December 2009 is \$900 thousand compared to a net loss after tax of \$181 thousand in the corresponding period in 2008.

The result for the half year has been impacted by a provision made against the carrying value of inventory relating to our project at 300 Millers Road Altona. The amount of the write-down for the period represents the development and holding costs incurred since 30 June 2009 and hence the book value of the project after the write-down has been retained at the same value that it was at 30 June 2009. The value at 30 June 2009 was determined with reference to an independent valuation.

#### Capital Raising

On 26 August 2009, Folkestone announced a 2 for 1 renounceable rights offer to shareholders at an issue price of 15 cents per share. The equity raising was completed on 8 October 2009 and resulted in 54,666,667 new ordinary shares being issued, increasing the total shares on issue to 86,468,024. #### REVIEW OF OPERATIONS

##### 135, 225 & 285 Donnybrook Rd, Mickleham

In December 2006 Folkestone acquired 320 hectares of future industrial land at 135, 225 & 285 Donnybrook Rd, Mickleham in a 20:80 joint venture with the AMP Capital Investors' managed Select Property Portfolio Number 2 Fund ("SPP No:2"). Folkestone is the development manager for the joint venture. Located within the Urban Growth Boundary, the land enjoys excellent links to Melbourne's road transport infrastructure in particular the Hume Highway and Craigieburn bypass.

# **Folkestone Limited**

## **Directors' Report**

### **For the half-year ended 31 December 2009**

The land was rezoned in December 2008 from farmland to Business 1 and 3 which will enable the land to be developed for employment uses. The earlier than expected rezoning of the land is a response by the local and state government authorities to the lack of appropriately zoned employment land in the northern growth corridor of Melbourne.

The joint venture is continuing with works to bring infrastructure services to the site. Settlement and the final land payment to the Vendor will take place in December 2010. Folkestone's component of this payment is approximately \$12m.

#### **169 Noone Street, Clifton Hill**

In June 2007 Folkestone acquired a 1.13 hectare parcel of land at 169 Noone Street in the inner Melbourne suburb of Clifton Hill in a 50:50 joint venture with SPP No: 2. Folkestone is the development manager for the joint venture. The development, known as The Terraces Clifton Hill, is a 103 residential dwelling project comprising 58 townhouses and 45 apartments.

Pre-sales totaling \$44.988 million have been signed to date which includes the sale of the Stage 6 townhouse site, comprising 16 lots, as a super lot. The pre-sales represent 83% of the total estimated revenue for the project.

The debt facility has been re-financed with St George Bank during the current period and now runs until March 2011.

Based upon the current construction timetable, it is still anticipated that settlements will commence in the last quarter of the 2010 financial year.

#### **300 Millers Road, Altona**

In December 2007, Folkestone acquired a 15 hectare parcel of land at 300 Millers Road in Altona in a 50:50 joint venture with SPP No: 2. Folkestone has been appointed development manager by the joint venture. This site is zoned Industrial 3 and is located approximately 11km from the Melbourne CBD and 2.5km from the Westgate Freeway and Western Ring Road.

As disclosed at the Annual General Meeting, the site was put to the market late last year via an Expression of Interest Campaign run by Colliers International and CB Richard Ellis. The property is currently under due diligence with one party from the EOI campaign which will conclude in the first quarter of the 2010 calendar year.

The debt facility has been re-financed with St George Bank during the current period and now runs until November 2010.

#### **"Parcel B" - toyotagreen Business Park, Port Melbourne**

Parcel B is a joint venture between Folkestone, MAB Corporation and Goodman International and forms part of the toyotagreen Business Park. Since last reporting date, the joint venture partners have agreed to terminate the Development Agreement as a result of the final stage of the development being postponed indefinitely due to the current volatility of the financial and property markets.

#### **Hume Central, Broadmeadows**

Recently, Broadmeadows has been designated a Central Activities District (CAD). It received over \$80m in the State Budget handed down in May 2009 to fund a number of initiatives for the district.

One such initiative is the delivery of a government services building within the vicinity of the Broadmeadows Railway Station. Having been appointed by Hume City Council as preferred developer for the Hume Central precinct, Folkestone submitted a tender on this 10,800sqm government requirement and has been notified that it has been shortlisted in conjunction with one other party. As outlined at the Annual General Meeting, if successful with the

**Folkestone Limited**  
**Directors' Report**  
**For the half-year ended 31 December 2009**

tender, Folkestone's role in this project will be as a development manager for which it will be paid a fee. Folkestone will not be investing capital in this project.

**Construction division**

As reported in the Annual Report, Folkestone exited its equity investment in the Access Constructions business by way of a Management Buy Out with effect from 1 July 2009. The current period after tax loss of \$0.066m from the construction division reflects defect rectification costs on past projects and ongoing insurance and rental obligations.

**Outlook**

In response to the changing market conditions, Folkestone announced in August 2009 a change in strategic direction simultaneously with a 2 for 1 renounceable rights issue.

The first stage of the strategy relates to the orderly sell through of existing projects in a manner and within a timeframe that will maximise shareholders investment. The Board and Management are focused on this strategy and remain committed to meeting the stated timeframe of December 2011 to complete this process.

The second stage of the new strategy is to pursue a transition to a mid-scale, lowly geared property company which provides shareholders with reliable and transparent earnings and distributions. Folkestone has been active in identifying and assessing such opportunities and will continue to benchmark these transactions against a return of capital through the realisation strategy.

As previously stated, the key economic factor impacting Folkestone's business has been the availability and cost of debt and other capital for development projects. Over the last six months, Folkestone undertook a capital raising and was able to secure facility rollovers for two of its projects with St George Bank which has provided the necessary stability to pursue the orderly realisation of development assets and Folkestone is well positioned to achieve incremental returns should the industrial and commercial property markets improve as the realisation process is completed.

**ROUNDING OF AMOUNTS TO NEAREST THOUSAND DOLLARS**

The economic entity has applied the relief available to it in ASIC Class Order 98/100 and accordingly certain amounts in the financial report and the directors' report have been rounded off to the nearest \$1,000.

**AUDITOR'S INDEPENDENCE DECLARATION**

The auditor's independence declaration is included on page 4 of the half-year financial report.

This report is signed in accordance with a resolution of the Board of Directors made pursuant to s.306(3) of the Corporations Act 2001.

## Independent Auditor's Review Report to the members of Folkestone Limited

We have reviewed the accompanying half-year financial report of Folkestone Limited, which comprises the statement of financial position as at 31 December 2009, and the statement of comprehensive income, statement of cashflows, statement of changes in equity for the half-year ended on that date, selected explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 7 to 17.

### *Directors' Responsibility for the Half-Year Financial Report*

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### *Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Folkestone Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Auditor's Independence Declaration*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

## *Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Folkestone Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

**Notes to the condensed consolidated financial statements**  
**For the half-year ended 31 December 2009**

**NOTE 1. SIGNIFICANT ACCOUNTING POLICIES**

**Statement of Compliance**

The half-year financial report is a general purpose financial report which has been prepared in accordance with the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 "Interim Financial Reporting." The half-year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

**Basis of Preparation**

The condensed consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars unless otherwise noted.

The company is a company of the kind referred to in ASIC Class Order 98/100, dated 10 July 1998, and in accordance with that Class Order amounts in the directors' report and the half-year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2009 annual financial report for the financial year ended 30 June 2009.

**Adoption of new and revised Accounting Standards**

In the current year, the company and the Group have adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current annual reporting period. The adoption of these new and revised Standards and Interpretations has not resulted in any changes to the company's and the Group's accounting policies, but has resulted in changes to the company and Group's presentation of, or disclosure in the following areas:

- Presentation of the financial statements - as a consequence of the adoption of AASB 101 Presentation of Financial Statements (2007) and its associated amending standards, the company no longer presents an income statement, cash flow statement and balance sheet but presents in lieu thereof a statement of comprehensive income, statement of cash flows and a statement of financial position.
- Information about the company's operation segments – the adoption of AASB 8 Operating Segments and AASB 2008-3 Amendments to Australian Accounting Standards arising from AASB 8 has not resulted in any amendments to the reportable segments of the Group as its sole reportable segment is Property Development.

**NOTE 4: RESULTS FOR THE PERIOD**

The result for the half year has been impacted by a provision made against the carrying value of inventory relating to our project at 300 Millers Road Altona. The amount of the write-down for the period represents the development and holding costs incurred since 30 June 2009 and hence the book value of the project after the write-down has been retained at the same value that it was at 30 June 2009. The value at 30 June 2009 was determined with reference to an independent valuation.
